

## SUMMER SESSION OF SHOE DEALERS

Association Holding Ninth Session at Old Point—Welcomed by Governor Swanson.

## ALL IN FOR GOOD TIME

Transaction of Business Not Main Object of This Session. Banquet This Evening.

[Special to The Times-Dispatch.] NEWPORT NEWS, VA., July 1.—With about 150 members in attendance the Southern Shoe Wholesalers' Association met for its ninth convention at the Chamberlin, Old Point, this morning at 11 o'clock. Secretary William F. Gordon, of Richmond, called the body to order, and as it was growing late, the roll call was dispensed with and Colonel Charles E. Wingo at once introduced Governor Swanson. The Governor was in his happiest vein, and welcomed the visitors to Virginia with an eloquent but brief address. Charles K. Brown, of the Payne Shoe Company, Charleston, W. Va., president of the association, responded to the welcome. Then members proceeded to the pler and board of the Merchants' and Miners' steamship Essex, for a trip to the Virginia Capes. In the meantime some one had decorated the Governor with the order of the shoe, the pretty little metal badge issued for members of the association and their families. A pleasant afternoon was spent on the bay, luncheon being served on the steamer. The Essex returned to Old Point shortly after 5 o'clock, in time for the party to have dinner at the Chamberlin before the evening session.

**To Have Good Time**  
One of the "shoemen" said to-night that there was very little business on the calendar of the convention, and that the members would "mostly have a good time." Many of the members are accompanied by their families, and nearly all of them will take in the exhibition before returning home. The convention will close with a banquet at the Chamberlin to-morrow evening.

At to-night's session the wholesalers discussed "Delays in Transportation—The Reasons." Among the principal speakers was P. Peyton Giles, assistant traffic manager of the Southern Railway. Several prominent members spoke on the question, and practically all the evening was devoted to the discussion.

As this is the summer convention, officers will not be elected, and no regular business will be transacted. Officers are chosen and real business disposed of at the winter meeting. The last session will be held to-morrow morning at 10 o'clock, and in the afternoon the members will visit points of interest before returning to the hotel for the banquet.

## CABRERA ORDERS MANY ARRESTS

One Hundred and Sixty Put in Jail for Trying to Kill Him.

MEXICO CITY, July 1.—Word reached Mexico City to-night that President Cabrera, of Guatemala, had caused the arrest of one hundred and sixty citizens of that republic on the charge of alleged complicity in the recent attempt to assassinate him. All were thrown into prison and later huddled into squads of twenty and tried in groups. Two bands have been tried, and many have been sentenced to death. Among the prisoners are some of the most wealthy and prominent men in the republic.

The statement is made that these men have long been on Cabrera's blacklist, and the charges against them were trumped up for political reasons. The report has created great excitement against central American residents in this city, and at a mass-meeting will be discussed.

## SELLS TRUANT WIFE TO NEW LOVER FOR \$125.00

BOONE, IOWA, July 1.—Henry Hammerstein, of North Boone, has sold his wife and two children for \$125.00. Hammerstein left home two months ago, going to Fort Deming.

On returning last week he found that in his absence his wife had gone to live with Bert Hanes, taking her two children with her.

He sued Hanes for \$5,000, but the two agreed that Hanes should pay Hammerstein just \$125.00 and keep the woman and the two children.

This was the first time that Hammerstein, and the transfer was drawn up, signed and properly executed.

## Fined for False Charge.

A negro woman, the wife of Christopher Becker (colored), was yesterday afternoon in Police Court yesterday morning when it developed that the charge of wife-beating which she had lodged against her husband was false, she was fined \$2.50 by Justice Crutcheid.

## S.S.S. CURES S.S.S. CHRONIC ULCERS

Chronic Ulcers are the result of a deeply polluted and foul blood supply. The blood is filled with impurities and germs which are being constantly fed into the place through the circulation, until all the surrounding flesh becomes diseased and the sore an obstinate and permanent trouble. Every symptom of an old ulcer suggests pollution; the discharge, the red, angry looking flesh, the inflammation and discoloration of surrounding parts, all show that the ulcer is prevented from healing by the constant drainage through it of impurities from the blood. This impure condition of the blood may be hereditary, or it may be the remains of some constitutional disease, or the effects of a long spell of sickness, leaving disease germs in the system, or the absorption of the refuse of the body which has not been properly expelled through the natural channels. But whatever the cause, the blood is so weakened and polluted that it does not properly nourish and stimulate the place, and the sore cannot heal. Salves, plasters, lotions, etc., keep the sore or ulcer clean, relieve pain, and perhaps reduce inflammation, but can never permanently heal them because they do not reach the blood. S. S. S. goes down to the very fountain-head of the trouble, drives out all poisons and germs, builds up the weak, sluggish blood, gives energy and strength to the system, and by sending a fresh, healthy stream of blood to the diseased parts, allows the ulcer to heal naturally and permanently. Nothing reaches inherited taints like S. S. S. It cleanses the circulation of every trace of hereditary disease or impurity, and those who have nursed and treated an old sore for years will experience good results as soon as the system becomes influenced by S. S. S. Book on Sores and Ulcers and medical advice free to all who write.

## Afraid of Paralysis WILL CELEBRATE WEST VIRGINIA DAY

A NERVOUS SUFFERER CURED BY DR. WILLIAMS' PINK PILLS.

The Medicine That Makes Rich, Red Blood and Performs Wonders as a Tonic for the Nerves.

Why are nervous people invariably pale people? The answer to that question explains why a remedy that acts on the blood can cure nervous troubles.

It explains why Dr. Williams' Pink Pills for Pale People are also for nervous people.

It is because of the intimate relation between the red corpuscles in the blood and the health of the nerves. The nervous system receives its nourishment through the blood. Let the blood become thin, weak and colorless and the nerves are starved—the victim is started on the road that leads to nervous wreck. Nervous people are pale people—but the pallor comes first. Enrich the blood and the nerves are stimulated and toned up to do their part of the work of the body.

Dr. Williams' Pink Pills make red blood and transform nervous, irritable, ailing people into strong, energetic, forceful men and women. Mrs. Harriet E. Porter, of 20 Liberty Avenue, South Medford, Mass., says:

"I had never been well from childhood, and a few years ago I began to have dizzy spells. At such times I could not walk straight. I was afraid of paralysis, and was on the verge of nervous prostration. Then a neuralgia set in and affected the side of my face. The pains in my forehead were excruciating, and my heart pained me so that my doctor feared neuralgia of the heart. I tried several different kinds of treatment, but they did me no good."

"One day my son brought me some of Dr. Williams' Pink Pills, and I found that they strengthened my nerves. I took several boxes and felt better in every way. There were no more dizzy attacks, the neuralgia left me, and I have been a well woman ever since."

Dr. Williams' Pink Pills are invaluable in anemia, rheumatism, after-effects of the grip and fevers, and in sick headaches, nervousness, neuralgia, and even partial paralysis and locomotor ataxia.

Our booklet, "Nervous Disorders, a Method of Home Treatment," will be sent free on request to any one interested. Write for it to-day.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, post-paid, on receipt of price, 50 cents per box, or boxes for \$2.50, by Dr. Williams Medicine Company, Schenectady, N. Y.

## SAYS ROCKEFELLER WILL SEE OFFICER

Denied That He is Still Trying to Dodge the Process Server.

IN CLEVELAND ON THURSDAY  
Federal Court Determined to Have Standard Oil Magnate Appear.

CLEVELAND, O., July 1.—From an authoritative source it was learned to-day that Mr. Rockefeller expects to spend the Fourth of July with his family at Forest Hill. He possibly will arrive in Cleveland to-morrow. A member of the Rockefeller household said to-day that when Mr. Rockefeller arrived it would not be necessary for any process-server, Federal or otherwise, to search for him, as Mr. Rockefeller undoubtedly would make his presence known to officials desiring to serve subpoena papers on him.

The United States Marshal Chandler was an early to-day at Forest Hill. Chandler, however, did not get further than the lodge at the entrance of the estate. Patrick Lynch, the lodge-keeper, declared positively that Mr. Rockefeller was not at Forest Hill. A carriage entered the gates about this time and the marshal stopped it long enough to inspect the occupants. Mr. Rockefeller was not in the vehicle, however, and it proceeded up to the hotel, the Rockefeller residence.

Mr. Rockefeller, upon being questioned as to whether he had a subpoena for Mr. Rockefeller, declined to discuss the subject.

## Went Rockefeller by Saturday.

CHICAGO, July 1.—In order that the government's efforts to bring John D. Rockefeller into the United States District Court in this city next Saturday may be successful, District Attorney Sims to-day enjoined the driving of a car upon all people connected in any way with the case. If the effort to serve Mr. Rockefeller with a subpoena is not successful before Saturday, the hearing of the case will be continued until it has been properly served with the papers.

## Hurt in Runaway.

James H. Find (colored), of No. 1512 Wallace Street, was yesterday afternoon buried from the jumper he was driving and pretty badly bruised and shaken up. The horse he was driving took fright and ran away, and he was thrown from the vehicle. Dr. Woodson attended Find, and then took him to his home.

## DIDN'T KNOW HIS FLAG.

Secretary Cortelyou Arrives in Hampton Roads, But Not a Gaud Heard.

NORFOLK, VA., July 1.—A United States revenue cutter, which a naval officer said is new and strange to his eyes and flying a flag equally strange, but which, he declared, he believed to be the flag of the Secretary of the Treasury, came into Norfolk this evening. Aboard was a personage wearing a silk hat, and the cutter soon sailed. It is practically certain that Secretary Cortelyou, who is due here on West Virginia Day, is aboard and has gone down to anchor for the night off the Jamestown Exposition grounds.

The cutter anchored alongside the Brazilian battleship Riachuelo, but no salute was fired, the Brazilians probably not knowing the Secretary's flag any better than the Americans did.

## CALL FOR EVERY DOLLAR.

Exposition Directors Expect to Get \$250,000 in Payment for Stock. JAMESTOWN EXPOSITION GROUNDS, July 1.—At a meeting of the board of directors of the Jamestown Exposition Company, the Jamestown directors to-day decided to call for a call for every dollar due on common stock. It is estimated

that the call will net the company \$250,000.

When the exposition company was organized only twenty-eight per cent of the common stock was paid up. At the time the fair had not assumed its international scope. The balance due is seventy-two per cent, or \$250,000. The resolution adopted provides that negotiable notes can be accepted, ten per cent monthly. A committee of twenty directors has been named to personally wait on stockholders.

## UNABLE TO HANDLE RICHMOND CROWDS

(Continued from First Page.)

ships with stateroom accommodation to Richmond to handle the Richmond Day crowd on the night of the 17th, and bring them back on the following night. It is reported that there are a number of independent steamships operating on Chesapeake Bay which could be secured for the trip in competition with the existing lines.

The joint committee then took up the other phases of the Richmond Day celebration, making reports of subcommittees, making reports.

Final action could be taken, owing to the uncertainty as to the number of people that can be taken to the grounds.

Mayor McCarthy, who was present, representing the city's interests, stated that in view of the unsettled condition of the traffic arrangements it would not be advisable to proclaim a general holiday as yet for the Richmond Day celebration.

It was pointed out that it would work a hardship on the manufacturers, if the plants of the city were shut down and thirty-odd thousand operatives were laid off, if only at most a sixth or an eighth of these could be taken to the exposition.

The committee on tickets, Mr. John M. Miller, Jr., chairman, stated that the Exposition Company could authorize the Chamber of Commerce to print tickets to be sold at various points in Richmond at the same rates as at Norfolk, good to pass in the Exposition grounds on Richmond Day only.

The chamber will be charged with the number of tickets to be sold up at the gates, so that if any purchase tickets and do not use them the profit will go to the Richmond Chamber of Commerce, rather than to the Exposition Company. As a result, the chamber of the transportation problem, however, the committee was instructed to print only as many tickets as the roads could transport passengers.

**Work Much Retarded.**  
The program committee was not ready to report as yet, its affairs being still in an embryonic state. The committee on exhibits and industries reported that it had ordered 5,000 Richmond badges, the lot costing \$147.50. A sample of the handsome blue ribbon badge was passed around and generally approved. No other badges will be ordered for the present.

The committee on music, Mr. M. A. Chambers, chairman, made a partial report as to the securing of several bands of music for Richmond Day, preference being expressed for taking the bands from the Exposition grounds, which could be secured at reasonable rates.

The committee on attendance, Mr. R. S. Tuck, chairman, reported that there was nothing it could do for the present, nor could the committee on press, Mr. C. Miller, chairman, take any active part in the celebration.

In Richmond Day, since it already appears that more people will wish to go than can be accommodated.

The committee on reception presented its report through Mr. F. D. Williams. The question of the proper entertainment of the visitors at the exposition, the celebration of Richmond Day was fully discussed by all present. It was finally concluded to ask the City Council to appropriate three thousand dollars, to supplement the sum of five hundred already raised by the Chamber of Commerce for the celebration of Richmond Day, the amount to be spent under the supervision of the Council Committee, in conference with the committee of the Chamber.

It was believed that this sum would suffice for the bands of music, the expenses of the celebration, and the dispensing of a proper hospitality at the Richmond Building on July 15th.

**Furniture Coming.**  
Mr. J. H. Chataigne, who is in charge of the Richmond Building at the exposition, reported that the furniture at the building and at the exposition is daily increasing. Mr. Chataigne said that the Richmond Building is open every day—that the water, sewer, and gas lines have been completed, and that the additional furniture needed is on the way, and will be installed this week.

The joint committee instructed its subcommittees to meet at the exposition building at lunch time about three times a week and talk over the plans for the celebration of Richmond Day.

## FIRE BOARD MEETS.

Much Routine Business at Monthly Session Last Night.

The Board of Fire Commissioners met in monthly session last night, with President John H. Frischkorn presiding. The following substitutes were appointed on probation:

Eugene Goode to Engine Company No. 7; E. T. Traub to Engine Company No. 6; and J. V. Goode to Engine Company No. 6. W. T. Timberlake was promoted from fireman to grade B, in Engine Company No. 4.

J. W. Davis, substitute in Engine Company No. 1, accepted his resignation, which was granted.

The board received proposals for furnishing anthracite coal to the Fire Department, and the law will be effective on all State traffic. Interstate rates now in effect, however, will be maintained under the Federal rate law until a new tariff has been prepared.

The delay and litigation so freely predicted at the time the law was passed will at least be delayed, as far as the railroads are concerned, until the new rate has been tried for several months.

## BLACKSTONE BEATS THE RICHMOND LOCOS TEAM

[Special to The Times-Dispatch.] BLACKSTONE, E. Va., July 1.—The Blackstone baseball team defeated the Locos, of Richmond, Va., here this afternoon in a game at the local ballpark. The feature of the game was the batting of Wincup, the first-sacker of the home team, who hit two home runs and an error-bagger. He secured the last one with the bases full. Bennett, who held the Wincup sluggers to three hits, was doing the pitching for the visitors. Griffin, Inge and Maxey each got two hits.

For the visitors, Neuhoff did good work with the stick, getting two hits. Lettwith and Donohoe also deserve mention. The hitting of Peterson, at short, for the home team, was the fastest ever seen on this diamond, his socking of third and second being distinctive features.

Summary: Batteries—Blackstone.

Griffin and Churn, Locos, Bennett and Wade. Struck out by Griffin, 5; by Bennett, 10. Hits—Blackstone, 10; Locos, 6. First base on balls—off Bennett, 3; off Griffin, 3. Errors—Blackstone, 3; Locos, 3.

The Seaboard Air Line is observing the new law under protest, and pending the disposition of suits in which company questions the constitutionality of the act.

## ONE OBSERVES UNDER PROTEST.

[Special to The Times-Dispatch.] RALEIGH, N. C., July 1.—This was the date for the 2-1-4 passenger and reduced freight rates to go into effect. As the last night at 9:30 o'clock at his residence, No. 215 1/2 East Broad Street, he is survived by six children. The funeral arrangements have not been completed.

Mr. John R. Bowen, who had for many years conducted a grocery store at 700 North Seventeenth Street, died last night at 9:30 o'clock at his residence, No. 215 1/2 East Broad Street. He is survived by six children. The funeral arrangements have not been completed.

Mr. Isaac Long, who had for many years conducted a grocery store at 700 North Seventeenth Street, died last night at 9:30 o'clock at his residence, No. 215 1/2 East Broad Street. He is survived by six children. The funeral arrangements have not been completed.

Mr. Isaac Long, who had for many years conducted a grocery store at 700 North Seventeenth Street, died last night at 9:30 o'clock at his residence, No. 215 1/2 East Broad Street. He is survived by six children. The funeral arrangements have not been completed.

## HOLMES CASE GOES TO JURY TO-DAY

Court Says Peckham, Haas and Theodore Price Should Have Been Called.

## REFUSED HOLMES'S PRAYER

Cotton Scandal Hearing Reaches Its Final State in Washington.

WASHINGTON, July 1.—In refusing some of the prayers in behalf of former Assistant Secretary of the Department of Agriculture, Theodore Price, who was charged with the charge of betraying the secrets of the department, Judge Stafford to-day took occasion to say that he would instruct the jury to the effect that Holmes should have produced Frederick A. Peckham and Moses Haas to testify in his behalf. He said the fact that the two men are themselves under indictment would not preclude the possibility of their appearance. They were the two persons in all the world who could testify whether or not the charge of conspiracy was true. If the charge was not true, and Holmes's statement was founded on fact, they would not imperil their own freedom in appearing in court and corroborating Holmes's testimony. If, on the other hand, the charges against him were true, they could protect themselves by refusing to testify, on the ground of self-incrimination.

He concluded that if Holmes had desired the testimony of Peckham and Haas he could have compelled them to take the stand. He also said that it would have been perfectly competent for the defense to call Theodore H. Price, the New York cotton broker whose name has been so frequently mentioned in the testimony.

The argument before the jury was begun by District Attorney Baker, for the government, who was followed by Attorney Lester for Holmes. Attorney Worthington will continue the presentation for Holmes to-morrow, and Special District Attorney Beach will close for the prosecution. The case will go to the jury to-morrow afternoon.

enger tickets in compliance with the order
